

LOUISE SAWYERS.

participated in 7 hours of professional learning

An introduction to working with the

Teaching for Effective Learning Framework

Workshop participants gained skills and knowledge in:

- *understanding the 3 big ideas of TfEL through the elements*
- *designing engaging learning environments and experiences where intellectual stretch and challenge for learners is key*
- *to reflect on and reference their own practice and whole school approaches*
- *using workshop processes that model effective pedagogy that teachers can use in their own classrooms*
